Mr Peter Georgaris  
Partner  
Eyre Advisory Service  
Ground Floor West, 190 Flinders Street  
ADELAIDE SA 5000

Dear Peter

Congratulations to you and your partners, most of whom I know well and have developed a strong professional working relationship with, on the formation of Eyre Advisory Services (EAS).

The capacity your partnership offers is unique, broad and deep. I expect there is no other organisation in Australia which has the experience or the achievements behind it which EAS does. Some of your team I knew and respected as leaders at the former Port Augusta power station and Leigh Creek coal mine, but what you all accomplished together throughout the closure processes was impressive.

Closing the power station and the coal mine included a myriad of community, technical, operational, environmental, commercial, legal, human resources, government engagement and other responsibilities. It was an enormous job; it was an extremely difficult job; your team did it very well (with some ongoing responsibilities still in place with Flinders Power).

I have no doubt the skills your partnership will bring to future projects will deliver similarly positive results for your clients and I wish you the very best in your new business future.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Dan van Holst Pellekaan', written over a horizontal line.

Hon Dan van Holst Pellekaan MP
